

Standard Terms of Business

Glopex Asset Finance Limited | Updated 24 October 2026

1. Our role

Glopex Asset Finance Limited ("Glopex") acts as a finance broker and intermediary. We are not a direct lender. Our role is to introduce you to lenders or other relevant intermediaries who may be able to help with your finance requirement.

2. Our services

We discuss your funding objectives, review the information you provide and explore potential finance routes. These may include asset finance, hire purchase, leasing, commercial loans, property finance and other specialist finance enquiries described on our website. Availability depends on the product, customer, jurisdiction and lender criteria.

3. Fees and commission

Customer fees: We may charge a fee for our brokerage services. Where a fee applies, we will explain the amount, when it is payable and any applicable cancellation or refund terms before you agree to proceed. Your engagement agreement will set out the fees for your particular instruction.

Commission: We may receive a commission or fee from a lender for introducing you to them. This may be a percentage of the amount financed or a fixed fee. The amount may vary between lenders and products.

Transparency: If you wish to know the amount of commission we will receive on a specific transaction, please ask us and we will disclose it to you.

4. Your responsibilities

You are responsible for providing accurate and complete information to us and the lenders. Failure to provide accurate information may result in your application being declined or the finance agreement being terminated.

5. Scope of service

The availability and regulatory treatment of a finance arrangement depend on the product, customer and jurisdiction. We will explain our role and the relevant parties involved before you proceed. The website does not promise that every finance product is available in every country.

6. Lenders and third parties

Lenders make their own credit decisions. We do not guarantee that a lender will accept your application. You should review the lender's terms, costs, security and repayment obligations before accepting finance. An enquiry does not commit you to borrowing.

7. Governing law

These terms are governed by and construed in accordance with the laws of England and Wales.
